✓ 12. [] LIAISON Called Mike O'Neil, Jim Bush, and Pat Long, all of the House Permanent Select Committee on Intelligence staff, to ask them for the kinds of questions that the DCI should expect when he appears before the Committee to brief them on the Kampiles matter. (See Memorandum for the DCI for details (OLC 78-3029/12)).

✓ 13. [] LIAISON Called Fred Hull, House Permanent Select Committee on Intelligence staff, to tell him that, in response to his questions, we do not have a copy of Philip Agee's new book and that it was possible that one of the two local papers might have it. I told him that we had not been successful in obtaining a copy of the book from the papers and that, perhaps, the Committee might be more successful were they to try. I told Mr. Hull that I was not aware of precisely what progress had been made with regard to the Department of Justice drawing up legislation which might inhibit the Agees of this world.

✓ 14. [] LIAISON Loch Johnson, House Permanent Select Committee on Intelligence staff, called from his sickbed. He is hopeful of being back at work next week. He told me that he hopes to look into the matter of "counter-deception operations" in October 1978 and I have advised Don Gregg, PCS [] We discussed time frames for getting some of the requests which Mr. Johnson had levied on the Agency in support of the Committee's examination of CIA's relationship with academia.
